

Portable Handheld Fiber Laser marking machine Solution

- △ Small and Light (6.4KG)
- △ Supports multiple format& types
- △ Supports offline marking of lithium batteries (6-8H)
- △ Supports offline marking of vanometer motors have a longer working life

Portable Handheld Fiber Laser marker

Red light positioning, Auto-focus, easier operation, clearer marking

EMBEDDED LASER INTELLIGENT SCANNING SYSTEM

Super Desktop Hyper Terminal Beyond imagination

HD Marking

Accurate Positioning

Touch Screen Editing

USB Drive Import

Varying Interface

Portable Handheld Fiber Laser marker

APPLICATION

Aerospace industry

Automobile manufacturing industry

Metal processing industry

Construction machinery industry

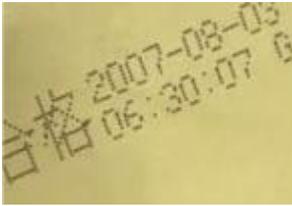

Energy industry

Home appliance industry

SUPPORT MULTIPLE CONTENT
